Payment Policy and Financial Agreement

Thank you for choosing Aegis Chiropractic & Physical Therapy for your healthcare needs. This financial agreement describes both patient and insurance responsibility for services rendered. Please read this agreement and sign below.

Insurance

We are eager to help you receive the maximum allowable benefits for your healthcare needs. You should note that insurance coverage is a contract between you and your insurance company. As medical care providers, our relationship is with you, not your insurance company but we are happy to help by sending information to your insurance company. It is your responsibility to understand your insurance benefits including referrals, pre-certifications and required authorizations. As a courtesy we may verify coverage, obtain authorization and bill your insurance company for you. However, we do expect payment for all services and you are ultimately responsible for your bill. There are no guarantees of benefit reimbursement until claims are received and processed by your insurance company. We will require you to assign all insurance company payments directly to our office for payment of professional services. If your request that your insurance company pays you directly, we will require full payment when services are rendered.

Patient Responsibility & Payment

Payment for copays and deductibles will be due at time of service. You are ultimately responsible if your insurance denies a claim for any reason. The amount of your bill is expected to be paid in full within 30 days of the date on the statement, unless payment arrangements have been made with the Billing Manager. Anything over 30 days is considered past due and interest may accumulate at a rate of 1.5% per month. Failure to pay will result in your account being referred to a collection agency or attorney which can affect your credit. If you do not have insurance, payment in full will be due at time of service. Checks returned for insufficient funds will result in a \$25.00 returned check fee.

Payment Options- Credit Card on File

Aegis Chiropractic & Physical Therapy stores your credit card data using an encrypted and tokenized system at an off-site, secure vault that exceeds all HIPAA and PCI Data Security Standards. You can receive an email or paper receipt for any charges. If you prefer to not have your credit card on file, you may pay with a check or cash. Outstanding balances over 30 days will be charged to your card on file. I authorize Aegis Chiropractic & Physical Therapy to debit the card on file for any patient responsibility, including but not limited to co-pays, remaining balance, payment plans, late cancellations and no-show fees. I understand that I can update my card information on file in writing at any time. In fact, it is my responsibility to notify our office of any updates or changes to the credit card on file associated with this agreement as soon as possible.

I have received this financial policy and understand that regardless of any insurance coverage I may have, I am responsible for payment of my account. I understand that delinquent accounts will be referred to an attorney for collection. If this is necessary, I agree to reimburse Aegis the fees of any collection expenses, such as attorney fees and court costs which we incur in such collection efforts.
